

2023 AP Exam Registration

North Harford High School

Taking Advanced Placement exams is an important part of all AP courses. North Harford High School encourages all students who enroll in AP courses to take the AP exams. Students who score well on an AP exam can often earn college credit for their high school class, saving a significant amount of money on tuition for college. To learn more about the AP program, please visit <https://www.collegeboard.org/>.

All HCPS schools will be administering the in-school paper-and-pencil exams over two weeks in May. If you choose to test, you must register and pay through Total Registration *and* put in the AP Join Code for each course/exam in your CollegeBoard account. If you do not plan to test, no action is needed.

The payment portion in Total Registration will take a few minutes and is completed online. North Harford High School is excited to offer families the convenience of paying exam fees online at the time of registration. Please be sure to have a credit card or debit card available before beginning registration. Checks can also be mailed to North Harford High School after a student has registered on-line. Please follow the payment directions on the registration site. Contact your AP coordinator with questions.
